## EXPERIENCE

### Dayal Infosystems, Meerut — Software Developer

AUGUST 2023 - PRESENT

- Develop Android applications using **Kotlin**, **Java** and **XML** focusing on clean and maintainable code.
- Design responsive UI/UX with **XML layouts** and implement modern architectures like **MVVM**, **LiveData** and **ViewModel** for scalability.
- Integrate **Retrofit** for API communication and manage local data storage with **SQLite** and **Room**.
- Collaborate on app optimization, leveraging **Android Jetpack** components and best practices for performance and reliability.

### Chegg India, Remote — Subject Matter Expert (Freelancer)

JANUARY 2022 - JULY 2023

- Provided clear and accurate solutions to complex computer science problems for students across various topics, including **data structures**, **algorithms**, and **programming languages**.
- Provided real-world examples and step-by-step guidance to clarify concepts in languages like **Java**, and **C++**.

## EDUCATION

### Raj Kumar Goel Institute of Technology, Ghaziabad — BTech (Computer Science)

JULY 2019 - JULY 2023

CGPA: 8.2

Gained a strong foundation in **computer science principles** including **data structures**, **algorithms**, and **database management**.

### Ram Devi Inter College, Hardoi — Intermediate

JULY 2017 - JUNE 2018

Percentage: 71

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed diam.

## PROJECTS

## SKILLS

- **Programming Languages:** Proficient in **Kotlin**, **Java** and **C++**.
- **Android Development:** Experienced in using **XML**, **Retrofit**, **SQLite**, and **Android Jetpack** components.
- **Project Management:** Knowledgeable in agile methodologies and tools for effective team collaboration.
- **Problem Solving:** Strong analytical skills with a focus on developing efficient algorithms and solutions.
- **Tools:** Version Control System **Git** & **GitLab**.

## AWARDS

- **CodeKaze College Winner Badge:** Achieved **Rank 1** among **1000+** participants in the event organized by Coding Ninja.
- **5-Star Rating on HackerRank:** Recognized for exceptional coding skills and contributions.
- **Google Kickstart Round D:** Scored **4888**, demonstrating proficiency in competitive

### timeSathi— *Task and Project Management App* [link](#)

- Efficiently manage tasks with **scheduling** and **deadline tracking** features.
- Organize projects using tools like **task prioritization** and **progress monitoring**.
- User-friendly interface with seamless **calendar integration** for better productivity

### eSathi— *ERP App* [link](#)

- Designed an intuitive **contact lookup feature** for easy access to employee and client information.
- Implemented **QR code scanning** functionality for seamless data retrieval and task automation.

programming.

- **DSA Proficiency:**  
Successfully solved **500+** **problems** on Data Structures and Algorithms (DSA).
